RESOLUTION NO. 13/2024

DATED: November 14, 2024

**VILLAGE OF ALEXANDER
RESOLUTION
IN SUPPORT OF CONTINUED AND
INCREASED STATE AID FOR LOCAL GOVERNMENTS**

Motion made by: Trustee David Newton
Seconded by: Trustee Matthew Grimes

Whereas, until 2024, cities, villages and towns had not received an increase in unrestricted state aid (AIM funding) in 15 years, significantly impacting their ability to provide essential services to their residents; and

Whereas, after a prolonged period without financial support, local governments finally received an increase of \$50 million in unrestricted state aid; and

Whereas, local officials express their gratitude for the \$50 million increase in unrestricted state aid, recognizing it as a positive step towards addressing long-standing funding challenges; and

Whereas, the State has referred to this new aid as Temporary Municipal Assistance, suggesting that such increase may not continue, jeopardizing the sustainability of crucial municipal programs and services; and

Whereas, the property tax cap further limits the ability of local governments to properly fund the programs and services their residents need; and

Whereas, increased and ongoing state aid for local governments is vital for maintaining infrastructure, public safety, housing and other municipal services; and

Whereas, the challenges of inflation, the increasing costs of labor and supplies, and the end of extraordinary federal aid only accentuate the need for consistent and predictable funding to effectively plan for the future and meet the growing needs of their residents;

Now, therefore, be it resolved, that the Village of Alexander calls upon the Governor and the State Legislature to commit to continuing the additional \$50 million in unrestricted state aid in the 2025-2026 State Budget and beyond, and

Be it further resolved, that the Village of Alexander urges state officials to recognize the need for a long-term plan that ensures consistent and predictable increases in financial support for local governments that keep pace with inflation.
